Your Every Day is an Adventure!

Your story matters! In this workshop, we'll explore personal narrative, or telling our own stories through writing. Through different writing exercises and exploring together, we'll discover our voices and our stories based on our real experiences.

Celebration and Writer's Workshop!

In this multi-age workshop, we'll share our writing (polished or in progress) with each other and get feedback in a supportive, awesome, and collaborative group. We will celebrate our growth as writers and encourage each other to keep writing! Kids who have participated in either or both of the earlier writing workshops are welcome, as well as those who have other written work they'd like to share!
